Frequency of the Board Meeting and Academic Advisory Body :

Academic Advisory Body meets at least once in an Academic Year. The Governing Body meets at least twice in an Academic Year.

Organizational Chart

The college has a well-structured organizational structure which clearly shows the people responsible for various tasks and the levels of supervision. The Governing Body is the highest body of the college, and it is supreme decision-making body. The Governing Body of the college meets at least two times in a year. In the governing body several issues pertaining to various academic and administrative matters were taken up, discussed and appropriate decision would be taken keeping the student development as its central agenda. The Governing Body strongly feels that the students should accomplish their desired goals and thus makes all the efforts (right educational methods - outcome-based education, infrastructure, equipment and tools) to creating a student centric environment. It follows the guidelines laid by the apex bodies like UGC, AICTE and JNTUH and comply them with utmost sincerity. The Governing Body continuously monitors the strategic plan and makes suitable advice/direction for the administration to execute the plan.

Nature and Extent of involvement of Faculty and students in Academic Affairs & Improvements:

The Institution's System of Administration is properly structured with clearly defined Roles of Faculty, Administration, Staff, Students and Governing Body, involved in the Policy Development and Decision making to realize its fully stated Vision and Mission in a climate of mutual support to benefit the Institution, Faculty and the Students

The Students and the Faculty periodically meet to assess the Goals set and the achievements under the Guidance of the Director Students Affairs, Director Students Progression and schedule the Programs and Practices along with the Resources and Infrastructural needs for going forward which will then be placed before the Principal and the Chairperson Planning and Development for approval.

Institute encourages participation of student representatives in various academic committees, this enable them in acquiring better academic environment.

Student opinions and suggestions are considered to take measures in view of students' perception.

Mechanism / Norms and Procedure for democratic/ good Governance

Principal, who is the Academic Head of the Institution, is aided by Deans, Heads of the Departments, Finance Officer, Section Heads, and Chairpersons of other Institute-level Committees. The various Committees that direct the day-to-day functioning of the Institute include: Governing Council; Academic Council and Boards of Studies; Finance Committee; Finance, Planning and Development Committee. Other Sections and bodies that take part in Governance include: Internal Quality Assurance Cell (IQAC); Planning, Approvals, Accreditation and Certification (PAAC) Cell; Academics and Admissions (AA); Examinations and Evaluation (EE); Research and Consultancy Cell (RCC); and Mentoring, Training and Placement (MTP) Cell. The Institute's Policies, Strategy, Resources, as well as Operations and Quality Assurance cater to the different facets of the Institute, viz. Academics, Research, Innovation and Entrepreneurship, and Social Responsibility with Global Vision. Shantha Educational Society, as well as the Principal who ensures seamless management systematically, encourages participative leadership by involving various stakeholders at various appropriate levels of decision-making. Recurring and intermittent requirements of Departments and Sections are identified by the Heads of the respective Departments and Sections, which are presented to the Finance Committee for evaluation of financial aspects and to the concerned Deans and the Principal for a consolidated need assessment. The identified requirements are presented to the Governing Council by the Principal and approvals necessitate interactions with the concerned stakeholders and faculty members. Faculty members participate, through corresponding Functional Committees, in finalizing curriculum design, teaching methodology of common courses, examination reforms, maintenance of academic standards, and student welfare. Such participation brings transparency to the governance and inherently encourages team-work, while ensuring practicable decision-making. Students and alumni are also involved in certain Committees including the IQAC so that their views are also considered in governance. Thus, all management members of the Institute are involved at various levels in assessing actual needs, budgetary requirements, academic standards and policy-making, progression in innovation and research. The Principal subsequently drives the resulting policy, strategy, resource allocation, and operations through the Governing Council and the Shantha Educational Society. Societal impact and responsibility are assigned prime importance such that the Institute contributes to sustainable socioeconomic development through globally-competitive competence

Student Feedback on Institutional Governance Faculty performance

Student Feedback is collected on the following,

- i) Feedback on faculty
- ii) Feedback on institutional governance and facilities
- iii) Feedback on Teaching learning

The Administration obtains the feedback from the students on the functioning of the college on administration aspects. The feedback forms cover the area of academic, faculty, office, Administration and transport.

The feedback is generally twice in a year at the end of the each semester.

The feedback analysis is done and discussed at in different committee meetings and final conclusion is drawn and action is initiated to improve the institution. The feedback forms and analysis is available with Principal only.

Grievance Redressal mechanism for faculty, staff and students

Grievance Redressal Committee will frame various measures for the grievances of the staff & students to ensure peaceful harmony in the college. The committee will take necessary action for the resolution of the grievances to the entire satisfaction and will report to the Principal from time and seek any guidance.

- The cases will be attended promptly on receipt of written grievances from the Faculty members.
- The cell formally will review all cases and will act accordingly as per the Management policy
- The cell will give report to the authority about the cases attended to and the number of pending cases, if any, which require direction and guidance from the higher authorities. Procedure for lodging complaint:
- The students may feel free to put up a grievance in writing/or in the format available in the admin dept. and drop it in boxes. The Grievance Cell will act upon those cases which have been forwarded along with the necessary documents.
- The Grievance Cell will assure that the grievance has been properly solved in a stipulated time limit provided by the cell.

Committee is constituted for resolving the grievances of students with the following members.

Establishment of Anti Ragging Committee

'Ragging' means the doing of any act which causes, or is likely to cause any physical, psychological or physiological harm of apprehension or shame or embarrassment to a student and includes

- (a) Teasing or abusing or playing Practical joke on, or causing hurt to any student.
- (b) Asking any student to do any act, or perform anything, which he/she would not, in the ordinary course, be willing to do or perform.

Ragging is different from other crimes because the motive is solely to get perverse pleasure. Ragging is also different from other crimes as it is actively promoted by certain sections of the society.

Following types of abuses and activities will be termed as ragging:

- Physical abuse, for example, forcing to eat, drink or smoke, forcing to dress or undress.
- Verbal abuse, for example swear words and phrases, direct or indirect derogatory references to the person's appearance, attire, religion, caste, family or chosen field of study.
- Forced activity, for example
- Chores for seniors e.g. copying notes, cleaning rooms, etc.
- Missing classes. Not being allowed to study.
- Staying awake late or getting up at unreasonable times.
- Singing or dancing or performing in any other way.
- Using foul language or shouting or cheering loudly.
- Misbehaving with strangers, particularly women.
- Reading or browsing porno-graphic/objectionable material

Internal Quality Assurance Cell

Internal Quality Assurance Cell

IQAC is established for continual improvement and monitoring of the long – term quality standard in academic and administrative activities after being accredited by NAAC. IQAC aims at imparting quality education in the college. IQAC is now an integral part of the college management system for strategically planning and implementing methods to improve teaching – learning and evaluation processes. It acts as an authorized channel for driving the college in the path of academic excellence by chalking out action plans for removing deficiencies and qualitatively strengthening the system. IQAC methodologically works for Quality Assurance, Quality Enhancement and Quality Evaluation in the overall deliverability of the college.

TSEAMCET (Engineering Agricultural and Medical Common Entrance Test) Telangana State Council of Higher Education 1st floor, JNTU Masab Tank Campus, Mahaveer Marg, Opp. Mahaveer Hospital, Hyderabad – 500 028

- **B.Tech-** <https://tseamcet.nic.in/Default.aspx>
- **M.Tech. -** <https://pgecet.tsche.ac.in/>

Admissions to the Institute are made along with the other engineering colleges in the state through a common entrance test conducted by the Govt. of Telangana.

Number of seats allotted to different Test Qualified candidate separately (AIEEE / CET (State conducted test / University tests / CMAT / GPAT) / Association conducted test)

The minimum qualification for admission to first year of the B.Tech course is a pass in the Intermediate (10 + 2) conducted by the board of Intermediate education, Govt. of Telangana or any other examination recognized as equivalent thereto with Mathematics, Physics and Chemistry as optional subjects.

70% of the intake capacity of the seats are allotted to the students who have qualified in the state entrance examination TSEAMCET conducted by higher Education Department of Telangana State government based on the entrance merit rank.

30% of the seats are filled by the management. 22% of 30% management quota of seats are filled based on the JEE Main rank/TEAMCET rank/10+2 percentage merit. Remaining 8% of the seats are allotted to NRI students based on 10+2 marks.

In addition to the above, Diploma holders are admitted in second year of B.Tech to the extent of 10% of intake based on the merit in the Engineering Common Entrance Test (TSECET), under lateral entry scheme conducted by Govt. of Telangana

The Eligibility Criteria for Admission to M.Tech Courses:

M.Tech – Electrical Power Systems: B.E / B.Tech in Electrical and Electronics Engineering with valid GATE score / based on the rank obtained in the test conducted by JNTUH.

M.Tech – Embedded Systems: B.E./B.Tech in Electronics and Communication Engineering with valid GATE score / based on the rank obtained in the test conducted by JNTUH.

Calendar for admission against Management/vacant seats

- **Last date of request for applications: 26-07-2023**

- **Innovation Cell**

The Institute Innovation Cell and Council facilitate the conduction and coordination of innovation activities at the Institute. These activities include support, mentoring, guidance, and facilitation to students approaching the Institute with their innovative ideas, competitions and hackathons conducted on campus and/or participated by the Institute's students, as well as Institute-level grand events such as the Intramural Innovation Competition, Convergence (Annual Technical Symposium), and the Ecficio (Annual Entrepreneurship Fest). The Institute also has active external collaborations with other Innovation centres such as the J-Hub (JNTUH's Innovation Hub), T-Hub (state-level incubation hub that is purported to be the nation's largest), TiE Hyderabad (the Hyderabad chapter of the world's largest entrepreneur network 'The IndUS Entrepreneurs'), and is represented at the Telangana Incubators and Enablers Network through the in-house Incubator, VJ Foundation for Entrepreneurial Excellence ("VJ Hub") by the Convener of the IIC. These proactive collaboration efforts by the Institute help the IIC bring in the true spirit of nationwide IIC network into practicable action at the Institute and extend the benefits of the same to the stakeholders.

- **Social Media Cell**

In today's society, social media is an integral part of the student's life. Everyday bulk of news is being disseminated over the internet. The students are the foregrounds to sculpt the future of the social networking sites, as they form the majority of users. According to the latest reports, everyday students are spending approximately 10 hours on the internet. Overall, social media is a powerful yet influential tool. Social Media Cell (SMC) at SPEC monitors the use of social platforms at the college campus.

- **Games and Sports Facilities**

Sports play an important role in the physical development of the students. Equal emphasis is laid on sports and games along with academics. Students are encouraged to participate and excel in sports in order to provide relaxation, channelize their energy, nurture competitive spirit, enhance team spirit and achieve leadership qualities.

OBJECTIVES OF SPORTS AND GAMES

To promote the physical, social, emotional and the health of the students

To offer an opportunity for every individual to display and develop his/her skills in the various categories

To provide a base for positive leisure time. The sport and games department is structured in a way that the Games Tutor heads the department at college/campus level. The college/school teams are formed through inter-college, inter-campus competitions. The best players are later selected to form the university teams.

SPORTS FACILITIES AVAILABLE IN COLLEGE CAMPUS :		
I. Indoor facilities		
1	Chess	for Men & Women
2	Caroms	
3	Table Tennis

Functions of the cell:

1. To provide platform to students to exhibit their talents.
2. To provide entertainment to students.
3. To showcase their talents to outside world to get recognition.
4. To promote a dynamic cultural heritage that is preserved, used and developed.
5. To inculcate leadership qualities among students.
6. To provide platform to faculty to exhibit their talents.

Facilities of the committee:

1. A cultural hall is provided to students for showcasing their talents.
2. Dressing rooms are provided to participants.
3. Transportation will be provided for all the students and faculty attending the event.
4. Provides disciplinary actions for security purpose.
5. Provides refreshments to participants.

Extra-Curricular Activities

Soft Skill Development Facilities

To empower students to make life long responsible and meaningful choices in a global and dynamic world, the College has an exclusive Placement and Training Centre to facilitate on-campus Placement opportunities to the students. The Centre has a professor in-charge of the activities. The Centre provides pre-placement training in soft skills to all pre-final year students to enable them to acquaint to the current corporate requirements. The centre facilitates students to face interviews & get jobs of their choice. More than 100 top and well established companies across the country/abroad from all sectors visit the campus for recruitment. Every year more than 80% of students from all the programs are being placed.

The following are some of the activities which ensure progression to employment:

The Placement Centre provides a seven day training programme in soft skills (like Personality Development, CV Writing, Communication Skills, Aptitude tests, Interview Technique etc.) to all students during their pre-final year. The students are given a choice of opting for two job opportunities (choice being one core & one IT Company during the recruitments). Guest lectures and special invitee lecture series organized for all the branches of students from industry experts through the Placement Cent Internship opportunities have been provided for UG & PG students by various companies like **AMAZON, TCS, JP MORGAN, ACCENTURE**. Most of the top companies across the nation, visit us for Campus Recruitment.

- **Teaching Learning Process**

ICT tools and its usage in college

The Institute is practicing different student centric learning methods to enhance their learning ability, these include:

seminars, mini projects, paper presentations, poster presentations, etc.

Experiential learning:

Students are allowed to conduct experiments independently in practical classes. Mini projects at third year level and major

projects at final year level will help in imparting the required technical skills to the students.

They are encouraged to do the internships in industries & industrial visits as a part of industry institute interaction. Mini project exhibitions are being organized to showcase their skills.

Participative learning:

Students are motivated to participate in Quiz Competitions, Paper Presentation, Technical Seminars and Online Certification Courses to get the participative learning environment.

Student development programs like Hackathon 23, SPECFIESTA23 are conducted in college level and 15 workshops are conducted at department level to enhance the learning capabilities of the students. Every classroom is provided with projector and internet facilities for effective playing of NPTEL and teaching Videos, to enhance their knowledge.

Problem solving:

Encouragement is given to take part actively in AICTE sponsored Hackathon every year & motivated to participate in National level Project exhibition to enhance the problem - solving ability.

Students are motivated to take part in Training and Placement, Entrepreneurship Development and Incubation Centre and assisting in consultancy activities.

Students are involved in assisting research work with Quality Assurance by doing projects on societal, Industrial and other requirements. Besides Research, other aspects like Innovation, Incubation, Industry Interaction, Development, Entrepreneurship, Education and Social Responsibility are encouraged, thereby providing holistic education to students.

The role of Information and communication technologies (ICT) in teaching learning process ensures that students play an active role in the learning process. Faculty combines technology with traditional mode of instruction to engage students in long term learning. But, in year 2020 due to pandemic, education has changed dramatically, with the distinctive rise of e-learning, whereby teaching is undertaken remotely and on digital platforms also.

Teachers use ICT enabled tools like PPT, Animations, and utilize online resources like Videos like NPTEL and Other, Virtual Labs, for teaching.

College library is equipped with video lectures of NPTEL, Online journals and eBooks. Library is available from 8AM to 6PM for students and staff.

College has Learning Management System Namely BEE's ERP and CampX. In this faculty upload the teaching materials, Assignments and other teaching materials, which are accessible to students.

Each class room is equipped with projectors where faculties can use ICT tools for effective teaching.

Faculty uses ICT tools for conduction of quizzes and taking feedback from students.

Industry Connect- Along with classrooms, Seminar halls & laboratories are digitally equipped where guest lectures, expert talks and various hands-on sessions in IOT, MATLAB and other Programming languages are regularly organized for students.

Video lecture- Recording of video lectures are made faculty are available to students for lifelong learning and future referencing.

Concept of learning through MOOCs is included in syllabus, For Value added Courses students can do course through Coursera and open elective courses can be done by NPTEL.

Online competitions- Various technical events such as Poster making, Project presentations, Debates, paper presentations etc. are being organized with the help of various Information Communication Tools.

Best Practices adopted, if any

1. Title of the Best Practice

Education beyond the Classrooms

2. The Context

Education beyond the Classrooms at St. Peter's Engineering College includes all those things which are deliberately intended to enhance the educational experience. It encompasses everything from the academic curriculum to music, drama, sports, community engagement, opportunities for performance and the outreach activities for the benefit of the community.

3. Objectives of the Practice

- To identify appropriate strategies for teaching and learning outside the classroom
- To enhance the educational experience by indulging in innovative and interesting new approaches of building knowledge

4. The Practice

At SPEC, education beyond the classroom is achieved through the following ways:

- Professional Certification Programs
- Outbound Learning Programs
- Internships – Corporate & Social Sector
- Extension and Community Outreach
- Involvement in Associations, Business & Literary Clubs, E cell, Women's forum, Choir
- Sports

5. Advantages

- Builds the confidence of the students and facilitates smooth transition into the industry
- Encourages and facilitates the students to pursue their passions and make a career out of it
- Sensitizes the students to the social problems around them and makes them more conscious about solving them.

6. Challenging issues

- Motivating students to take up social service on a voluntary basis.
- Collaborating with international industries and other institutions for industrial and university visits
- Training expert staff for the purpose of executing this model of teaching

7. Evidence of Success

- Outreach activities of students are reported in newspapers
- Compulsory industrial visits and social visits are conducted every academic year
- Many students join NGOs to work for society because of exposure and learning they receive on these outreach programs
 - The increase in the number of students who have taken up a career in sports, theatre, music and other artistic fields

8. Resources Required

- Faculty who are specially trained to ensure productive activities are organised and that the students are provided with an orientation adequate enough for them to carry out their duties and responsibilities.
